Subject: Application for Summer Internship (Cybersecurity) – Ravi Kumar

Dear Internship Coordinator,

I hope you are having a productive week.

I am writing to express my strong interest in the Summer Internship opportunity at [TATA]. I am currently a first-year B.Tech student at VIT Bhopal University, deeply passionate about building secure and efficient digital solutions.

Throughout my academic journey, I have built a solid foundation in Python and C++ programming, along with a keen focus on Cybersecurity, Data Structures, and Algorithms. I have been actively engaging with coding platforms and exploring digital logic to sharpen my problem-solving skills. I am very impressed by [TATA]'s recent work in [mention a field, e.g., securing enterprise networks / developing innovative software], and I am eager to contribute my technical enthusiasm to your team.

I have attached my resume for your review. I would welcome the opportunity to discuss how my skills and strong willingness to learn align with the goals of your internship program.

Thank you for considering my application. I look forward to the possibility of speaking with you soon.

Best regards,

Name: Neeraj sharma

B.Tech Student, VIT Bhopal University
